### BUSINESS CONDITIONS SHOWING IMPROVEMENT

**Betterment Noted in Many Circles—Donora Mill Means Much to Industrial World—Rumors of Big Shovel Order Not Confirmed.**

Due to the war abroad or not, business conditions are improving in the Monongahela valley. Rumors that a big war order for shovels has just come to the valley is denied, yet it remains that the shovel industry is bettering.

The United States Steel corporation and other steel concerns in the Monongahela valley are feeling the effect of prosperity, partly because of war orders. At Donora the United States Steel corporation is erecting a new spelter plant that will have a tremendous output of zinc products. This is one of the chief improvements in the whole valley. Nearly all steel companies are running to capacity now turning out steel products for home and foreign trade.

The glass industry is about holding its own. However, as one glass man said, the home trade is none too good. Local factories are operating in fairly good shape.

The Charleroi plant of the Hussy-Binns Shovel company under the superintendency of F. M. Haines is working as well as it has for months, with evidences of a betterment. There was a rumor that this plant had shared in an order for shovels to be manufactured for the Allies, having been asked to manufacture 3,300 dozen, but this rumor was not given official endorsement.

The Pennsylvania Railroad is putting practically every available man to work on its several divisions and hiring new ones. The same is true of other lines.

In practically all industrial and businesses there has been a betterment noted. The coal trade is constantly improving for when mills and factories are running to capacity, there is bound to be a demand for coal. Some concerns are also attempting to store away coal in anticipation of a strike to come when the scale conference begins the first of next April.

### HEAT CAUSES DEATH OF OLIVER FROCHEUR

**Well Known Lincoln Avenue Man Falls Dead While Talking With a Friend Near His Home on Lincoln Avenue Shortly Before Noon**

Returning from a fishing trip Oliver Frocheur, aged about 70 years dropped dead not far from his residence at 729 Lincoln avenue shortly before 12 o'clock today. He was talking with a friend when he fainted away. His death is believed to have been caused by a heart stroke and by apoplexy. He was carried into his home and a doctor called.

Mr. Frocheur has resided in Charleroi for years. For some time he has been retired. His widow, two sons and three daughters survive. His sons are Homer and Campbell Frocheur, both of Charleroi, Mrs. Bertha Wilson of Brownsville, Mrs. Frank Rosomme of Charleroi and Miss Flora Frocheur of Charleroi.

### WORK ON NEW ZINC WORKS AT DONORA PROGRESSING RAPIDLY

**Over 2,000 Men Now Being Employed at New Plant—Payroll Saturday the Largest in Town's History.**

Work on the new zinc works being built by the United States Steel corporation at Donora is being rushed with 2,100 men at work. More men are now being employed than at any time in the history of the town. Last Saturday the biggest payroll was the stomach from which he suffered heavier than ever before for a two week's period, amounting to \$167,000. Persistent rumors are to the effect that an extension of the blast and open hearth furnaces and the rolling mill will be started soon at the upper works and that a new plant is to be built below the new zinc works on ground recently acquired.

### RAILROAD TO PUBLISH AGRICULTURAL BOOKLET

**Pennsylvania System Preparing Enlarged Edition of Directory of State Farmers and Growers.**

As a further aid in the efficient distribution and marketing of farm products, the Pennsylvania Railroad is about to issue a new and much enlarged edition of its "Directory of Fruit, Vegetable and Produce Growers and Shippers."

The first edition was issued in 1912, and the supply has been exhausted. The new edition will contain the names of more than 10,000 farmers, truckmen and orchardists in New York, New Jersey, Pennsylvania, Delaware, Maryland and Virginia. The territory covered is that traversed by the lines of the Pennsylvania Railroad, the Philadelphia, Baltimore and Washington Railroad, the West Jersey and Seashore Railroad and the New York, Philadelphia and Norfolk Railroad.

A feature of the new edition of the directory will be the classification of each grower according to the principal character of his produce. Six classifications will be used, namely: apples, white potatoes, sweet potatoes, cabbages, onions and general produce.

It is planned to give the revised directory a wide distribution among dealers in farm produce in all consuming centers and throughout the great markets for fruits and vegetables accessible from the regions in which the listed growers are located. The purpose of the company, in compiling and issuing the enlarged directory is to help build up agriculture along its lines, encourage closer contact between consumer and producer, and broaden the markets in which the farmer can sell.

### MONESSEN PASSENGERS ON THE SANTA ANNA SAFE FROM FIRE

Word was received Tuesday by Daniel Reamer at Monessen that Monessen passengers on the Faber liner Santa Anna, threatened by destruction by fire at sea, are safe. The Monessenites aboard were Gaetano Panara, Agata Panara, Salvatrice Panara, Rosini Miceli, Carmela Sino, Salvatrice Sino, Mary Sino and Salsano Sino.

### EAGLES TO BUILD NEW CLUB HOUSE ON M'KEAN

**Fraternal Order Asking Bids on New Structure to be Erected During Present Year—Will be Two Story Brick**

Bids are being asked on the construction of a new club building in Charleroi to be erected by Charleroi Aerie, No. 390, Fraternal Order of Eagles at their location on McKean streets. The structure is to be a two-story brick building for lodge and club room purposes. With the furnishing the estimated cost will be \$20,000. Bids are all to be received by September 27.

Charleroi Aerie was formed in 1903 and now consists of 200 members. The officers are Worthy president, F. J. Falise, Sr.; vice president, W. J. Palmer; chaplain, M. T. Crowley; secretary, Harry Zellers; treasurer, P. Acton; trustees, E. R. Allen, F. F. Kline, J. J. O'Conner. The architect for the new structure is J. A. Lohman and the chairman of the building is E. R. Allen.

### TELLS WEIRD STORY OF HOLOUP THAT TAKES PLACE AT VESTA 5

**Poker Game Not Necessary Asserts Tolls for Pair to Get Away With His Hard Earned Cash**

Telling a weird story of being held up in broad daylight by two unarmed men on one of the main township roads leading out of Brownsville, Mike Tolls of Vesta No. 5, appealed to Justice C. C. Carlettis of Brownsville this week for assistance in recovering his bank roll which amounted to \$75. Mike told such an impossible story that an investigation was made which brought out the fact that Tolls with Nick Marsh and John Paski had indulged in a sociable game of draw poker and that Mike had been separated from his roll. Both foreigners were arrested and the case is still hanging fire.

Tolls admitted that he had left a Brownsville barroom with the intention of playing poker with the men. Evidence has been secured that a game was played and that the men had held him up before the game started and relieved him of his money. He followed the two Italians to Brownsville following the game and had them arrested. Eighty-four dollars was found on the men when arrested.

### GETTING READY TO START GLASS PLANT

Preparations for starting the Brownsville Glass factory November 1 are under way, the men having received notices to this effect. While the wage scale has not been signed, it is thought the manufacturers and employees will settle it on this date. The factory is being repaired and it is expected to have everything in readiness for the opening date.

Saturday September 18 is the date of Evans Fall Millinery Opening. You are requested to attend. 78-13

### HEAT WAVE NOW AT ITS WORST; NO LET-UP YET

**Mercury Approaches Close to Century Mark—Schools Being Dismissed Early Every Afternoon—High Mark Recorded on Tuesday.**

Registering between 90 and 100 degrees Tuesday was one of the warmest days of the entire year and today is not any better. Moreover, little relief is anticipated for a few days.

The high mark of Tuesday was reached about 3 o'clock in the afternoon. The temperature had been rising steadily since Monday midnight. Schools are being dismissed early every afternoon.

Though Tuesday was one of the warmest days ever recorded in any September, and the warmest day for 35 September 14 for years, it was not the warmest of all.

On September 6, 1881, the temperature registered 102 degrees. The lowest mark in any September was 35 degrees, recorded September 25, 1879.

The heat wave now in this vicinity extends from the Gulf of Mexico, east of the Middle Plain states and as far north as the Great Lakes.

During the last two days the mill men have suffered much from heat than at any other time this summer.

### PREPARING FOR CONCERT TO BE GIVEN IN MISS BOSSON'S HONOR

**Splendid Program Being Prepared Under Direction of Prof. I. T. Daniel, Who Will Have Charge**

Preparations are under way for a testimonial concert to be tendered Miss Norma Bosson, the well known local violinist at the high school auditorium Friday evening September 24. Prof. I. T. Daniel, under whose direction the concert will be given is arranging a splendid program which will be participated in by some of the leading local performers, both vocal and instrumental.

Miss Bosson was successful in winning a scholarship at the Peabody Institute, Baltimore, Md., against a class of 14 competent contestants. She anticipates returning to continue her studies on or about September 28. The testimonial concert is being arranged as an honor to her in recognition of past services that she has given in numerous local entertainments.

### ORGANIZATIONS AT FIRST BAPTIST CHURCH ACTIVE

The members of the Baraca class will attend the tabernacle meeting at Fayette City Friday evening.

The Ladies' Mission Circle will meet at the home of Mrs. J. L. Luce at Belle Vernon Thursday afternoon. The election of officers will take place.

The Bible Study Class has elected A. G. Lewis president, Miss Sara Braden secretary and Mrs. C. C. Wright teacher. The class will meet Wednesday evening at 7:30.

The Bible school will observe Rally and promotion day Sunday, September 26.

The B. Y. P. U. has reorganized for the ensuing year by electing Floyd Chalfant president, Russell Carl vice president and Miss Erma Holyfield secretary-treasurer.

### NEASE OF WASHINGTON GETS CONTRACT TO DELIVER BALLOTS

**Man Who Receives Contract Will Begin His Work Next Saturday and Finish in Good Time Monday.**

W. G. Nease of Washington, has been awarded the contract for the delivery of the primary ballots. He will receive \$115, or \$1 a precinct. He will commence his work on Saturday morning. He is required to deliver each package to the judge of the precinct and receive a receipt for the same, which receipt he must return to the commissioners. His work carries him to every point in the county and it requires considerable travel to get all deliveries properly made by next Tuesday morning, the date of the primaries.

The ballots, official and sample and other election supplies will be packed Thursday, Friday and Saturday of this week. They will be made ready for turning over to Mr. Nease early on Saturday morning.

### METHODIST MEN TO GIVE GOOD PROGRAM FRIDAY

**First Get-Together Meeting of the Fall to be Held—Rev. Brown From Pittsburg to Speak**

Arrangements are being made for the first fall "Get-Together" meeting of men of the Methodist Episcopal church on the coming Friday evening. A good program has been arranged by the committee consisting of Fred Clerihue, R. J. White, Jess Waggoner and A. F. Cook.

The program will be as follows: Invocation, Rev. W. G. Mead; remarks Fred Clerihue; "Welcome Tonight," James males quartet; address, "The Importance of Work," A. F. Cook; selection, Bosson male quartet; address, "How we increased a Bible class from 17 to 200," R. G. Knight of Fayette City; "The Flag Without a Stain," James male quartet; fifteen minutes for Boston cooler and ice water; selection, Bosson male quartet; address, Rev. Nathan L. Brown of Pittsburg.

### UNDERWOOD KNOWS COUNTY'S AFFAIR

**Familiar With Finances and Acquainted With Modern Business Methods in the County.**

If nominated and elected to the office of sheriff on the Republican ticket, T. J. Underwood of California, pledges an efficient, capable and thorough business administration. The office of sheriff is one of the most important within the gift of the people of Washington county. No other office in the county requires such careful and experienced administration.

Mr. Underwood has the executive ability and the experience to handle the affairs of the office in the painstaking and economical manner in which it should be handled. He is familiar with the county's finances and he knows how to conduct these finances along business lines.

His pledge to the people is a sound and capable administration, based on conservative, modern business methods. 75-46

### GOOD PROGRAM TONIGHT AT NEW MOOSE TEMPLE

**Ellsworth-Cokeburg Band to Appear—Arrangements Made for Biggest Night of Entire Week Tomorrow Night at Local Club.**

Tuesday evening's program at the new Moose temple dedicatory exercises was purely a home program, that while not elaborate was enjoyable to the members and their guests. The night was known as Fayette county night.

Tonight will be Ellsworth-Cokeburg night and Monessen night; and both lodges will attend with their bands. The Ellsworth-Cokeburg band will give a concert from the Temple porch, with Miss Olive Painter as soloist. The concert will be public.

Tomorrow evening will be the biggest night of all. The noted guests who will be here will be received at the Wilbur hotel by the reception committee at 7 o'clock. The program will be both Donora and Monongahela night. Friday will be California and Roscoe night. Roscoe will bring its well known German singing society.

### TESTIMONY IN DIVORCE CASE FROM RIVER SECTION FILED

In the divorce action of Martha Jane Durst of New Eagle, against Henry Durst, the testimony taken before the examiner has been filed and the case placed on the argument list. Desertion and non support are the grounds on which separation is asked.

Mr. and Mrs. Durst were married on January 16, 1912, at Pittsburg. They both at that time lived at Ginger Hill, this county. They went to home-keeping in Carroll township, about five miles from Monongahela. Later they took up their residence in New Eagle and resided there together until he left her on May 30, 1913.

She says that for about six months before he left her he did very little work, neglected her, and was away from home a good deal of the time. He would frequently go to Pittsburg, she testifies, would be gone two or three days and she would have to look to her mother for the support of herself and two children.

On the day he deserted her she says she told him he would have to go to work and support her. He became angry, packed his suit case and left the house. She did not hear of him again until October 29, 1913, when he returned to Monongahela. She had him arrested for desertion and non support and at a hearing in court he was ordered to pay her \$2.50 a week.

**Suit Against Railroad**  
Solicitor D. M. McCloskey of Donora borough council has been authorized to immediately start suit against the Pennsylvania Railroad for the confiscation of Third street in West Columbia, a suburb of Donora.

The Ladies of the Lutheran church will hold a bazaar and supper on Thursday and Friday, December 2 and 3, 1915. 77-21

### George S. Hornbake, Jr. FOR SHERIFF OF WASHINGTON COUNTY

"Yesterday I expressed my thoughts in the columns of this paper, and hope you have read my article and given it your careful consideration. Today I write that I am not the man who seeks a pension from the taxpayers, by continually holding a county job, but expect you, dear reader, to realize that I can do more good conscientious work for the poor man as well as the rich man than any inexperienced person in the county. Kindly remember that I am a candidate."

Yours truly,

GEO. S. HORNBAKE, Jr.

## Lime Starvation Causes Tuberculosis

The Medical Record (New York) of December 15, 1914, contains an article on "The Treatment of Pulmonary Tuberculosis, Based on the Assumption That the Dietetic Cause of the Disease is Lime Starvation," by Dr. John F. Russell, who says: "The condition which is recognized as preceding the active development of tuberculosis in the adult may be considered as due to lime starvation." "Among inorganic substances lime salts appear to be of special physiological importance." "But if the salts are not in organic combination it is difficult to suppose that the cells can appropriate them for food."

Years of widespread use confirm us in the belief that the success of Eckman's Alternative in cases of pulmonary tuberculosis (consumption) and chronic throat and bronchial troubles is due to lime measure to its content of lime, so combined with other ingredients as to be easily appropriated by the cells. Doubtless this has had much to do with the results obtained in many cases of these affections, which appear to have yielded to Eckman's Alternative.

As it contains no opiates, narcotics or habit-forming drugs, it is safe to try. Your druggist will order it for you or you can send direct. Eckman Laboratory, Philadelphia.

### SAMUEL COOK DIES AT HOME IN MONONGAHELA

After a lingering illness of more than two years, Samuel Cook died at his home in Eighth street, Monongahela Monday afternoon at 3:55 o'clock. Death was due to cancer of the stomach from which he suffered for several months. Despite his condition he did not take his bed until August 28 and since that time he had suffered intensely. About a year and a half ago Mr. Cook underwent an operation at the Passavant hospital, Pittsburgh and for a time he was seemingly some better. He became worse again, however and lingered until Monday. Samuel Cook was born in Hardgeley, Yorkshire, England on March 30, 1863 and was the son of Henry and Mary Ann Cook. He came to this country with his parents when he was but a year old.

### HISTORICAL OLD HOTEL SOLD IN THIS COUNTY; TO BE RAZED

The old Globe Hotel near Independence, Washington county, has been sold and probably will be razed. The former owner was W. C. Liggett, who received \$1,300 for the old-time road house from John A. Boles. Mr. Liggett, who is more than 80 years old, has been proprietor of the hotel for almost 50 years. The building was erected about 1815. It was the center of social and political life in the neighborhood for many years and was a meeting place for Abolitionists before the Civil War.

Charleroi high school is to open its football season Saturday. If this weather keeps up it will be a hot game in more ways than one.

## GREAT CLOWNS WITH CIRCUS NEXT WEEK

Among the fifty clowns with the Barnum and Bailey Greatest show on earth are the representatives of ten different countries, besides America. The clown speaks a universal language. In this respect he has an advantage over the stage comedian. No matter if he does not know a word of English, he can make an American boy or man, girl or woman laugh. He tells his stories with motions, antics and grotesque paraphernalia.

It would be useless to bring a foreign stage comedian to this country if he could not speak English. He would have to return home on his trunk. But a Persian clown who has not enough English at command to order a plate of ham and eggs can go out on the sawdust of a circus arena and make the biggest kind of a hit. With the Barnum and Bailey circus are the greatest clowns in the world. Several have for many years been court comedians in the place of the Sultan of Turkey.

These fellows are the children of Old King Jolly. They invented sunshine and taught the children of men how to laugh.

One of the things that has made the Barnum and Bailey circus famous is its clowns. The clowns of other circuses have looked to them for ideas and have copied them, but not with any success for the imitator is like an Alaskan diamond that merely reminds one of the genuine article and disappoints rather than satisfies.

When the big show comes to Charleroi on Wednesday September 22, the man who has no mirth in his make-up had better lock his door and climb under the bed. If he gets within a rod of this army of care-killers he will have to surrender. A stone man could not resist them. The performance has so many thrills it needs a great deal of comedy for ballast. The versatility of these mad-caps is pronounced. Their work is carefully thought out and dovetailed into the performance in a most unexpected way. There are tall clowns and short ones. There are fat fellows who radiate humor and lean chaps that compel laughter. They seem to mistreat each other shamefully at times, but that is merely part of their art, for they are good friends. They get tangled up with dicky airships, blow up in funny automobiles, fall out of "rubber-neck" wagons and now and then are so unruly that the clown policeman has to take them off in the blue wagon.

Among their various specialties are an African hunting expedition, a voyage to the North Pole a trip to the moon in a crazy aeroplane, a burlesque bull fight and a hilarious barn dance.

### To the Business Men of Charleroi

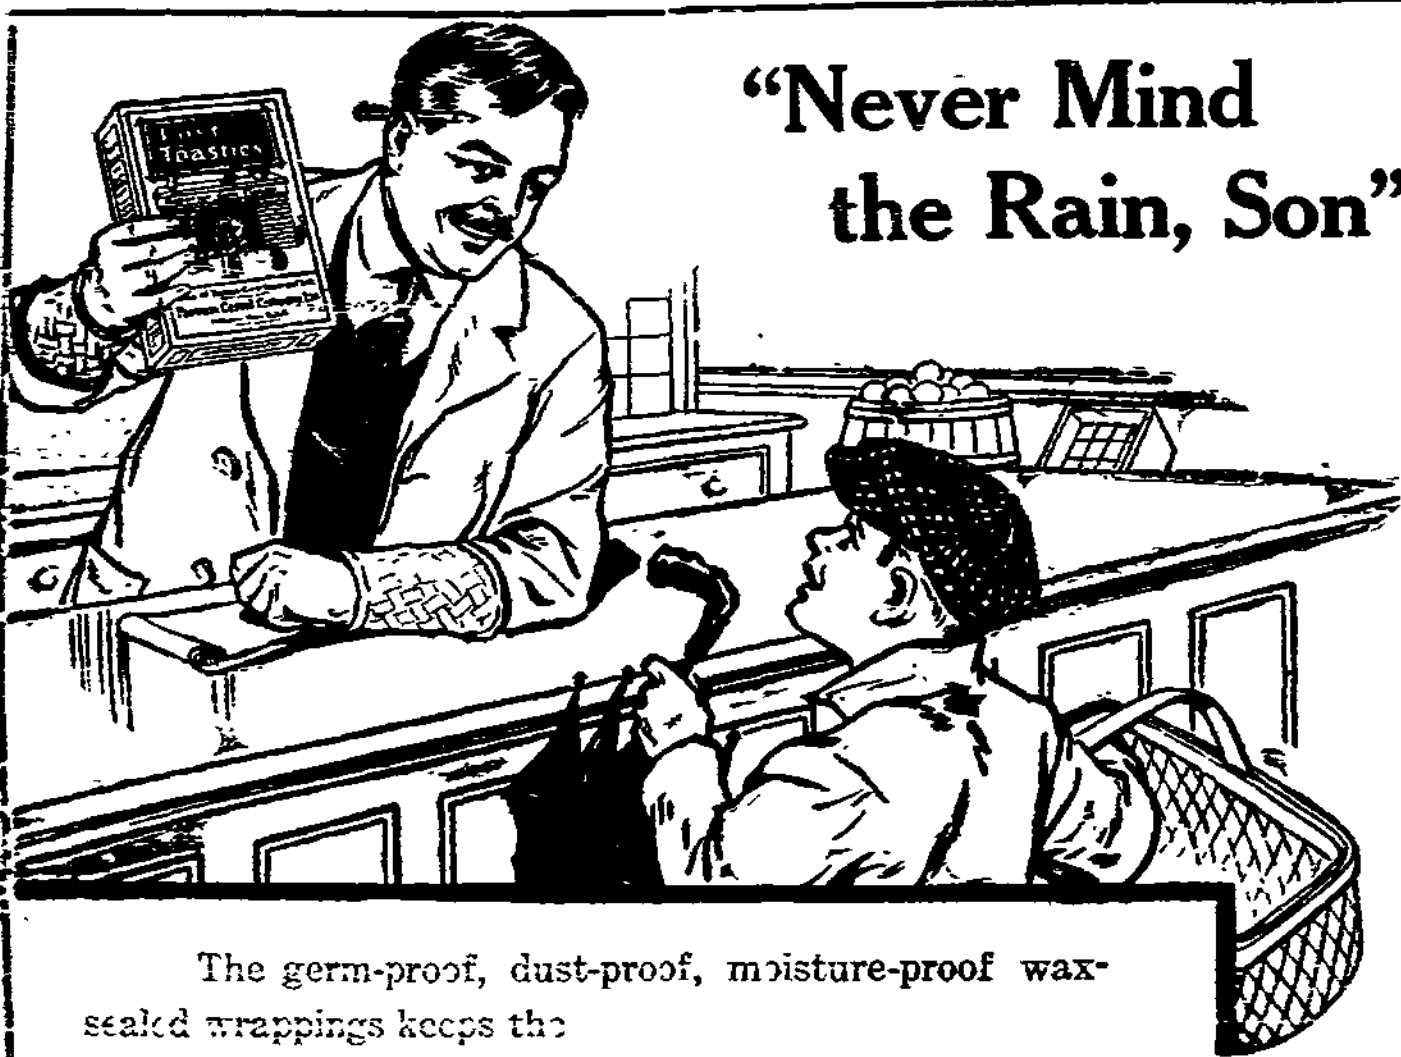

Business fights shy of dead towns. A sure sign of a dead one is the lack of local pride. People who live in a live, prosperous town show it. Their stores are attractive, their streets clean, their homes are well painted.

Nothing shows a lack of pride, a lack of prosperity, like paint-hungry buildings. Let's paint up. As the most durable and economical paint, we recommend

in perfect condition.

But more important—these flakes are made by a new process that gives them a new form and a distinctive flavour, entirely differently from other corn flakes.

In this new process, intense heat expands the interior moisture, producing little pearl-like "puffs," a distinguishing characteristic of the New Post Toasties.

These flakes have a body and firmness that don't mush down, even when cream or milk is added. Toasties come factory-fresh, as crisp and delicious as when they leave the big ovens.
